# 2018 Chrysalis Awards

*for Remodeling Excellence*

**THE CHRYSALIS AWARDS** program recognizes the nation's best remodeling and design work and is open to all remodeling and design professionals in the United States.

This year, 99 projects were honored as winners of the Chrysalis Awards for Remodeling Excellence. The winning projects were determined based on overall design, creative use of space and materials, and the degree to which the project enhanced the original structure.

Pictures of the 2018 award-winning projects—and all winning projects since 2000—can be seen on the Chrysalis website, [chrysalisawards.com](http://chrysalisawards.com).

In addition to the project awards, this year Chrysalis also honors four remodeling companies who have demonstrated a history of excellence by winning a Chrysalis Award in 10 separate years since 2000, presenting them with the Decade of Excellence Award.

The Chrysalis Awards is an independent design award program with a longstanding cooperation partnership with *Qualified Remodeler*. It is separate from the *Qualified Remodeler* Master Design Awards, which will be presented in the September issue of the magazine.

—By Ken Kanline

**Decade of Excellence Award**

This year, Chrysalis is initiating the Decade of Excellence Award. This is the highest award that Chrysalis can present because it represents not only excellence in construction and design, but also excellence that has been tested over time. It is presented only once to residential remodeling companies who have won a Chrysalis Award in 10 separate years since Chrysalis became a national competition in 2000.

Our inaugural class includes four of the top remodelers in the country who have demonstrated—through their accomplishments and success—what it takes to be at the pinnacle of the industry.
